Resident blocks Romulus Council

Begins Jan. 22

Romulus offers diverse program

Programs ranging from one day to twelve weeks make up the Romulus Winter Recreation Program which begins January 22.

Athletically, there will be six weeks of evening basketball and open skating - when weather permits.

For the steady - handed there will be eight weeks of adult knitting, a four-week course in beginning charcoal drawing and a course in children's needlecraft skills.

With tax season at hand, the recreation department is offering a four week income tax clinic.

And for the medically inclined there will be a six week course in general home nursing, a six-week mother's

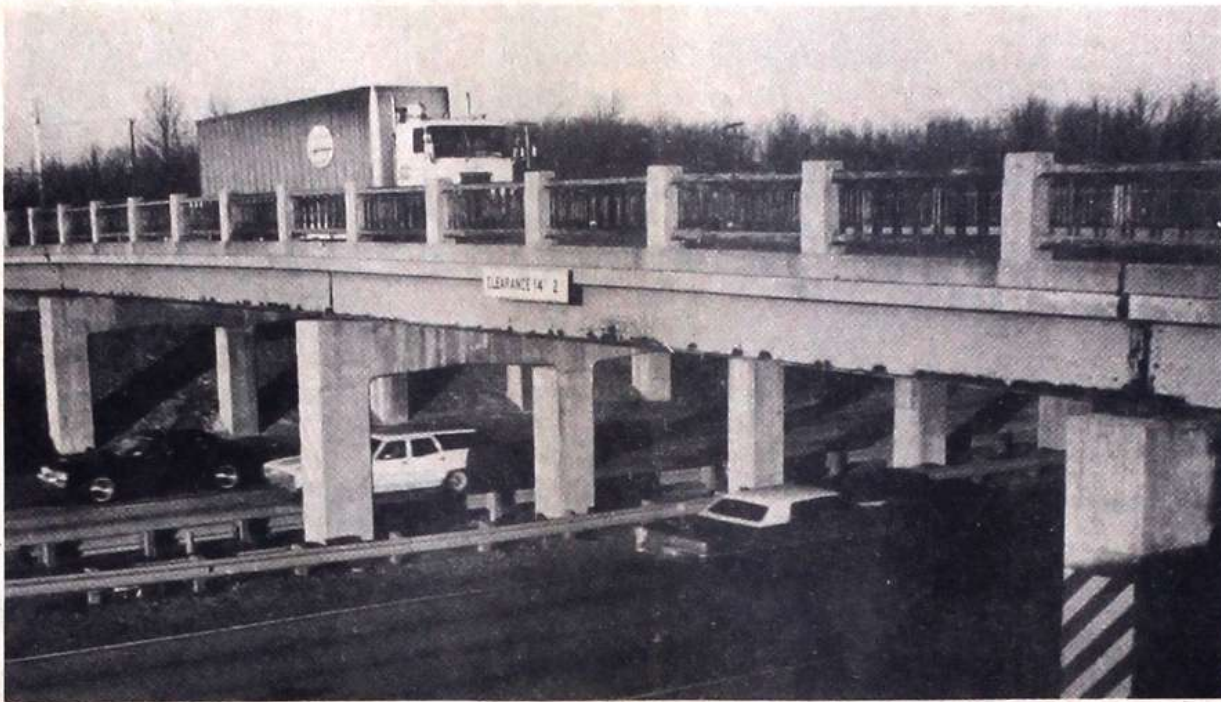

aide course and a six week program for expectant parents.

Also offered is a course in basic seamanship which lasts twelve weeks.

Two children's ballet shows are also scheduled on February 28 and March 28.

Separate from the tax clinic, but related, will be the January 30 meeting of the Romulus Senior Citizen's Club, which features a representative of the Internal Revenue Service as the guest speaker at 1 p.m. in the Romulus City Hall Community Room.

Additional information on all of these programs may be obtained by calling the Recreation Department at 941-3337.

DOMED BRIDGE - One of the older expressway overpasses in the State of Michigan, the bridge over the I-94 expressway at Belleville Road will be one aspect of the \$7.7 million reconstruction of the interchange to be done in the next couple of years. The expressway itself will be expanded

to a six-lane divided freeway for some 1.7 miles between Borgman and Morton roads. The project, being done in conjunction with work on a short section of the new I-275, is scheduled for completion in March, 1975. - Enterprise-Roman photo.

Mayor uses veto to halt private road maintenance

Last August, the Romulus City Council directed the Department of Public Works to begin immediate maintenance of Herman Street west of Ozga Road, a private roadway - despite the City Attorney's advice against such action.

But the Council's decision was not so readily accepted by B.B. Moshier, a long-time of Romulus.

One week after the Council decision on August 22, Moshier filed suit against the city to stop the community's work on the private road.

Moshier's suit proved successful and Romulus had to halt its maintenance of Ozga Road, after Wayne County Circuit Court Judge George E. Bowles ruled that the Council had no right to authorize the maintenance of private roads, backyards, driveways, etc.

Last Thursday, after hearing Judge Bowles' decision explained to them by the City Attorney, the Romulus Council voted to appeal his decision and seek the right to begin again the maintenance of roads at its pleasure.

The Council's decision to appeal was vigorously vetoed by Romulus Mayor Hyle Carmichael, who stated:

"I can no longer stand by, and permit this Council to spend taxpayer's dollars on an endeavor which is traditionally and morally wrong - an endeavor which has already been found to be improper by an unbiased Judge of our Circuit Court.

Carmichael then added, "I am vetoing this action taken by the Council in ordering the appeal.

"To me, it is wrong to spend taxpayers' money in defending a known mistake - and I further think that the

residents of Romulus owe B.B. Moshier a large vote of thanks for defending what he believes in."

Mothers needed to march

About another 10 mothers are needed to take part in the annual Mother's March of Dimes door-to-door solicitation starting in two weeks.

Because of the March of Dimes is not sponsored by the United Fund, the mothers' solicitation is the organization's only source of revenue.

The drive will be held from Jan. 31 through Feb. 5.

Members of the new solicitors include Mrs. Priscilla Bailey, captain at Knob on the Lake; Mrs. Alma Ball, Sally Coats, Ann Lewis, Elsie Ostrowski and Vicki Darley.

A thank you tea will be held for the mothers Feb. 14 in the High Tide Room at the Colonel Sanders restaurant in Belleville. Time will be 7:30 p.m.

Despite polls' slight

Eagles building 'championship fever'

Polls can do funny tricks at times and the Associated Press' Class A basketball rankings for this week are no exception as far as Romulus' team is concerned.

The Eagles, ranked in a tie for eighth place in last week's first poll of the season, this

week are all alone in 10th place despite a 107-53 victory over Detroit Cody and a 57-53 triumph over River Rouge and a 9-1 record.

But despite the inexplicable treatment of the Eagles in the state rankings, that "championship fever" - also

inexplicable - is beginning to spread throughout the school and the city.

And on the eve of tomorrow night's contest with Muskegon Heights, you can almost physically feel the electricity. Romulus polled 28 points in the voting of a five-member

panel of sportswriters and sportscasters from throughout the state, equalling their point total of a week ago.

However, Berkley, tied for eighth with Romulus last week, and Jackson Parkside, rated 10th last week, climbed ahead of the Eagles with 31

and 30 points respectively.

Points are determined on the basis of 15 for a first place vote, 14 for a second through one for 15th place in the poll.

Ahead of Romulus this week are Detroit Catholic Central, owner of a 10-0 record, with 72

points; Ann Arbor Pioneer (10-0), 70 points; Detroit Cooley (11-0-58) Detroit Northwestern (11-0), 56; Saginaw (6-1), 55; Flint Northern (7-1), 52; Flint Northwestern (6-1), 40; Berkley (8-1), and Jackson Parkside (8-1).

Engravers free to residents

Romulus adopts 'Operation Theft Guard'

Operation Theft Guard is now in operation in Romulus following a nine month battle to launch the program, Police Chief Jacob Koch received council approval for the purchase of read signs publicizing the program to those entering the city.

Chief Koch has vigorously pursued the project because of his belief that it would make it harder for thieves to dispose of personal property stolen

from local residents and businesses.

Romulus Mayor Hyle J. Carmichael, himself a supporter of the program, congratulated Koch for his tireless campaign and pledged full cooperation in the venture.

The program involves engraving personal belongings with the owner's drivers license number.

Initially, each property

owner will do his own engraving by borrowing one of two engravers furnished by the city. They may be obtained by calling the Chief's office, 941-0666, or the Romulus Recreation Department, 941-3337.

Suggested personal items which might be engraved are guns, antiques, radios, tv's, bicycles, motor-bikes, hub caps, lawnmowers, typewriters, etc.

Eligibility to use an engraver, and thereby participate in the program, is based upon a resident's possession of a valid Michigan Driver's license. Presentation of the license to either of the two departments will release an engraver free, and with no deposit, for three days.

Special arrangements will also be made for persons not holding a license. Children may use the engraver if their

parents sign the register for them.

Romulus' two new engravers were purchased by the Jaycees and Rotary Club. The organizations are also underwriting the paper costs of the program.

Additional financial support is still needed for the program and interested citizens or groups may contact either the Chief's office, the Recreation Department or the Romulus-Metro International Airport

Chamber of Commerce.

The Chamber is currently studying this and other programs in the area to develop its own 1973 list of priorities.

The signs, designating Romulus as a participant in "Operation Theft Guard," are expected to arrive in about six weeks. They will be installed by the Department of Public Works on each of the fifteen existing "Welcome to Romulus" sign-posts.

Jaycees boost Smith for 'top 5'

The Romulus Jaycees have chosen their candidate for entry into the state's "Five Outstanding Young Men" contest. He is Bill Smith of 12049 Sharon, Romulus.

Smith, who is the Community School Director, has a long list of credits.

He originates from Ann Arbor, earned an Economics degree from Albion College and a degree in Educational Administration from Eastern Michigan University.

Probably best known for his efforts in Continuing Education, Smith has been

responsible for the organization and administration of the adult classes and community college courses. During his tenure his actions have more than doubled the attendance.

In addition to his past experience as a Junior High Math teacher and athletic

coach, he was a University graduate assistant, and was active as a worker for the Mott foundation.

His current activities seem unending - in addition to his full time work, he is a member of: the Association of Childhood Education International, the National Com-

mittee of School Education Association, the Michigan and National Associations for Public Adult and Community Education, the Romulus Community Relations Commission and the Citizens Advisory Council for Detroit Community College.

He also donates time to the

United Fund, the Boy Scouts, Wayne County 4-H commission and the Romulus Senior Citizens Organization.

Jaycee chairman Tom Von Glahn says, "We Jaycees feel that with the submission of Mr. Smith's name, the search for 5 statewide winners should certainly be reduced to four."

Area commissioners named to committees

Most committee chairmen and vice chairmen have been reappointed to their posts for another year by Robert E. FitzPatrick, chairman of the Wayne County Board of Commissioners.

"The Board of Commissioners made great progress in improving county services to the public and the operation of county government last year," FitzPatrick explained in announcing his 1973 committee appointments.

"Therefore, I am pleased to retain the committee leadership that contributed so greatly to that progress."

The Board of Commissioners has five standing committees. They consider nearly all items of business that come before the commissioners and recommend action by the full Board.

Conrad L. Mallett, of Detroit (D-District 8), was reappointed Ways and Means vice chairman. All 27 commissioners serve on the Ways and Means Committee.

In the only change among the top seats, Paul Silver of Detroit, (D-Dists. 14), was appointed chairman of the Human Resources Committee and N. Frank Cykowski of Detroit, (D-Dist. 12), was named vice-chairman of that committee.

Silver succeeds John J. McCann, a Livonia Democrat who did not run for reelection to the board, as Human Resources chairman. Cykowski succeeds Silver as vice-chairman.

Roscoe L. Bobo of Ecorse (D-Dist. 10) retained the General Government Committee chairmanship and Rose Mary C. Robinson of Detroit (D-Dist. 2) continues as vice chairman.

Michael J. Reilly of Detroit (D-Dist. 17) is chairman and George Z. Hart of Dearborn

(D-Dist. 23) is vice chairman Public Safety and Judiciary Committee.

Thomas P. O'Rourke of Detroit (D-Dist 16) continues as chairman of the Public Works Committee and John Lestinski of Dearborn (D-Dist. 22) remains vice chairman of that committee.

Appointed to the Human Resources Committee, in addition to Silver and Cykowski, were John Barr, Dearborn Heights (D-Dist. 21), Mary E. Dumas, Livonia (R-Dist. 19), John C. Hertel, Harper Woods (D-Dist. 2), Catherine Shavers, Detroit (D-Dist. 11) and Tom F. Taylor, Westland (D-Dist. 20).

Besides Bobo and Mrs. Robinson, General Government Committee members are Brian G. Brown, Wayne (R-Dist. 27), Huey A. Ferguson, Detroit (D-Dist. 5),

Mallett, and William G. Suzore, Lincoln Park (D-Dist. 24).

Public Safety and Judiciary Committee members are, in addition to Reilly and Hart are George F. Killen, Detroit (D-Dist. 3), Richard E. Manning, Redford (D-Dist. 18), John N. Sabo, Jr., Taylor D-Dist. 26) and Albert J. Zak, Hamtramck (D-Dist. 7).

With O'Rourke and Lesinski on the Public Works Committee are DeSana, Edward K. Michalski, Detroit (D-Dist. 6), Ervin A. Steiner Jr., Grosse Pointe Woods (R-Dist. 1) and Samuel A. Turner, Detroit (D-Dist. 13).

The Ways and Means Committee meets on the second and fourth Thursdays of each month, alternating with the formal board meetings on the first and third Thursdays. Other committees meet at the call of their chairmen.

FitzPatrick was elected to his third consecutive one-year term as board chairman earlier this month. Joseph F. Young of Detroit (D-Dist. 4) was reelected board vice chairman for his third term at the same time.

Strike is settled

The strike at The Belleville Enterprise and Romulus Roman has been settled and we expect to resume our complete coverage of Western Wayne County by next week's issue.

Members of the Newspaper Guild of America Local 22 of Detroit yesterday morning ratified unanimously the contract agreed upon by negotiators representing both sides the previous night.

Struck since Dec. 19 when virtually all of the editorial and production departments of the Enterprise-Roman walked out, the newspapers - along with their companion daily publication, The Daily Eagle, in Wayne - have been published by management personnel every day, though somewhat late and not up to our usual standards, we admit.

We appreciate your patience during the past four weeks. Things definitely will be better in the future, especially the delivery of the Enterprise-Roman to your doorstep.

County eyes DeHoCo

While it continues to evaluate county jail needs and explore various means of financing, the Wayne County Board of Commissioners is keeping the Detroit House of Correction (De HoCo) under consideration, said Board Chairman Robert E. FitzPatrick.

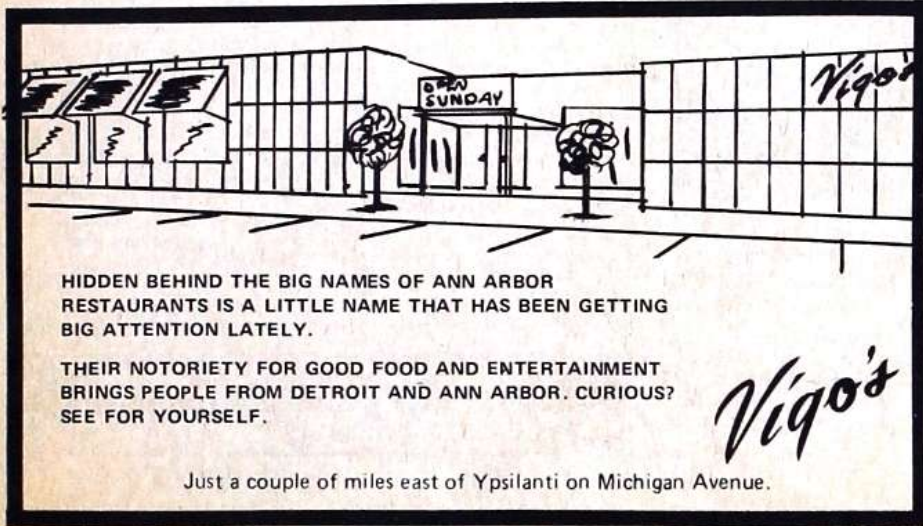

He and other commissioners met with the Detroit Common Council and other city and state officials to discuss the future of DeHoCo as a detention facility.

Among those attending the Friday meeting, called by Common Council, were John Dempsey, representing Gov.

Under this plan, each share of the common stock of the Bank was converted into one share of common stock of National Detroit Corporation. In addition, the Bank's capital notes became the joint and several obligations of the Bank and National Detroit Corporation. The Convertible Capital Notes became convertible into shares of Common Stock of National Detroit Corporation on the same basis as the convertible shares of Common Stock of the Bank.

If the transaction had been consummated in 1972, and the financial statements of the Bank had been consolidated with those of National Detroit Corporation, the consolidated financial position at December 31, 1972 would not have been materially different than that presented by the Bank's financial statement.

Assets carried at approximately \$407,000,000 (including U.S. Treasury Securities carried at \$72,000,000) were pledged at December 31, 1972 to secure public deposits (including deposits of \$34,789,112 of the Treasurer, State of Michigan) and for other purposes required by law.

Do you know either of these men ? FBI search reaches into outcounty area

Last Feb. 3, the manager of a Detroit savings and loan branch was gunned down during a \$4,000 robbery by two men.

Despite up to \$12,000 in rewards, both killers remain at large.

Someone in the area might recognize one or both men.

"I want your big money," the bandit shouted to Chylla.

When Chylla replied, "You've got all we have," the bandit shot him in the head at point-blank range, according to witnesses.

Running out of the building, the two men commandeered a car driven by a 22-year-old woman and forced her to drive them away, letting her free a block away.

Should the information—which will be handled in strictest confidence—result in an arrest and murder conviction, the person providing the tip will become eligible for all or part of a \$10,000 reward offered by First Federal Savings.

The other \$2,000 reward has been offered through The Detroit News secret witness program. To be eligible for that reward, the information must be offered through the newspaper's publicized channels.

According to police, the murder occurred when two bandits entered the savings and loan branch with guns drawn at 11:25 a.m. Feb. 2. Thirteen persons, including employees, were in the building at the time.

While one man reportedly went toward the teller cages and took money from tellers and customers alike, the other approached Chylla's desk in the rear of the office.

Killed in the robbery of the First Federal Savings & Loan branch at Conant Ave. near East Eight Mile Road was William A. Chylla, 48, of Bloomfield Hills. He was married and the father of five children.

Continuing to check out all possible clues in the murder, the Federal Bureau of Investigation indicated yesterday that it has reason to believe the two suspects may be living in Western Wayne County.

In an effort to help in the investigation, The Daily Eagle is publishing photographs taken of the two suspects during the robbery by bank cameras in the hope that

'72 traffic deaths total 2,247

Michigan's traffic death toll for 1972 numbered 2,247, the fourth worst annual loss on record, according to State Police traffic division provisional figures.

The total was 2,152 in 1971. The count ranks behind the higher losses of 2,248 in 1969, 2,392 in 1968 and 2,298 in 1966.

It was the states ninth year in a row and the twelfth time on record that annual deaths exceeded 2,000.

Charged to the 1972 total were 27 deaths which occurred during the Christmas weekend and in New Year weekend crashes prior to 1973.

December deaths numbered 163, compared with a total of 178 for that month in 1971.

Delayed death reports will increase somewhat the totals for December and all of last year.

Judge explains basic operation of grand jury

Last week's meeting of the Western Wayne County First Friday Club proved to be twofold as the 1973 officers were introduced and Wayne County Circuit Judge Thomas J. Foley spoke on the citizen's grand jury.

A special guest at the meeting was State Representative Thomas H. Brown.

Serving as executives in the club for the coming year will be Gene O'Grady, president; Paul Lada, vice president; Henry Prescott, treasurer; Pat Mann, secretary, and Fr. Joseph Kernosek, chaplain.

Both Prescott and Fr. Kernosek are being returned to office as a tribute to a job well done during the past year.

Judge Foley tried to explain the history behind and the basic operations of the Citizen's Grand Jury. He traced the system back several hundred years in all of its forms from a multi-member jury to a singular jurist (the prosecutor) handling the position.

The grand jury, as we know it today, was recreated primarily as a deterrent to organized crime through its unique powers. Wayne County reinstituted it three years ago.

Seventeen members serving for six-month terms compose the jury. They are screened by the judge responsible for them (Foley) and their names are kept secret.

A case may come before the Citizen's Grand Jury at the request of the prosecutor, the attorney general, investigation of the jury or through information submitted to the jury.

Citizens wishing to contact the Wayne County Grand Jury may do so by addressing it through P.O. Box 30, Detroit, 48231.

The grand jury acts with the counsel of a legal advisor, usually the prosecutor. It is frequently impossible to work through such an elected official and in these cases a special prosecutor, or special legal advisor is asked to aid.

The jury acts freely and independently of political organizations, although the present jury is cooperating with the state and the county divisions of organized crime.

Part of the uniqueness of the grand jury is that it may grant immunity to a person testifying, but if immunity is granted the individual must testify or face contempt charges and up to a year in jail.

It may also compel a witness to appear through its subpoena power. Failure to appear again results in contempt charges and up to a year in jail.

Finally, if a witness perjures himself before the jury, he could face up to 14 years in jail. Realizing the secrecy of the testimony, very few witnesses have prejured themselves.

People who feel their constitutional rights are stripped

within the framework of the grand jury are reminded by Foley that the Fifth Amendment, that one dealing with self-incrimination through testimony, may be invoked so long as the grand jury does not grant immunity, but once immunity is granted a witness must testify.

Foley concluded his talk by relating two recommendations he intends to make to the state for changes in the system.

He feels that a special legal advisor should be impanelled with each jury rather than leaving legal advice in the hands of the prosecutor until a request for different assistance is received.

Also he would provide that at the end of each citizen's grand jury term, matters of public interest — but not of a criminal nature — should be related to those government bodies that they affect for change.

The First Friday Club will meet again at noon, February 2.

Commissioners vote to fight Edison hike

The Wayne County Board of Commissioners plans to intervene in opposition to a request by Detroit Edison Co. for a \$48.9 million rate increase.

The commissioners, meeting as the Ways and Means Committee last Thursday, voted to authorize their attorneys to oppose the electric utility's request when it comes before the Michigan Public Service Commission (MPSC).

They also directed county corporation counsel Aloysius J. Suchy to draft a resolution calling on the state legislature to limit the number of rate increase requests that public utilities may submit per year.

Final action on the matter was scheduled for the regular formal Board meeting on next Thursday.

"The county should intervene in this case in an effort to protect Wayne County consumers against further unwarranted rate increases by Detroit Edison," the corporation

counsel stated in recommending intervention.

Ways and Means Committee Chairman Conrad L. Mallett of Detroit (D) District 8, said county opposition helped to virtually halve an Edison rate hike last August. Edison requested increases totaling some \$40 million, but was granted a hike of only \$20 million by the MPSC.

Suchy said his office will review the Edison rate request when it is filed. Then, if the review indicates the request should be "vigorously opposed," he will ask the Board of Commissioners for funds to retain expert utilities rate consultants to help make a case against the increases.

Among other actions, the Ways and Means Committee also approved continuation of a county-wide comprehensive alcoholism treatment program. The program, conducted by the county health department, will be financed with a \$225,168 state health grant and \$74,248 worth of services by county health personnel.

Also approved was a \$25,000 appropriation to cover the annual maintenance cost for a portion of the Rouge River Flood Control Project.

and has served in various political offices, and Trolley receiving 26 of the 28 votes cast by precinct delegates from Taylor.

State Sen. William Faust made the nominating speech for Mayor Trolley.

Petitpren's name was placed in nomination by Paul Lada, councilman for the City of Wayne, and seconded by state Sen. David Plawewski.

Additional support for Petitpren came from the western part of the district; he won all the delegate votes in Wayne, all but one of Romulus' votes and majorities from Inkster and Dearborn Heights.

In addition to his Taylor support, Trolley was heavily

favored by Garden City delegates.

"Now the job is to unify the wishes of all the people in the district and make plans for our participation in the state party convention in Detroit on Feb. 3.

"I am calling a meeting of the officers of our executive board for tonight, preparatory to a meeting of the full 33-member executive committee in the new future at which we will outline 15th District goals to be sought at the state convention," Petitpren said.

Officers of the executive board which meets tonight, in addition to Petitpren, are: Vice Chairwoman, Helen Waino of Taylor and secretary to U.S. Rep. William D. Ford; Secretary John Reddy of Westland, Treasurer Harry Koss of Garden City and Corresponding Secretary Carolyn Abbott of Dearborn Heights.

New Boston Rotarians in new meeting place

On Tuesday, January 9, 1973 the New Boston Rotary Club held their first dinner meeting at Orchard Grove, their new meeting place at Middlebelt and Sibley Roads.

Nineteen Rotarians including guests from Romulus and Wayne, joined with local members at the new meeting site.

Luke Wegienka, club president, was asked to express his feelings regarding the club's new home. He said, "If this is an indication of what we can expect every Tuesday, then I see where we will need additional space to accommodate the group. We can expect every Tuesday night to host many visiting Rotarians when they learn of our facility and atmosphere."

Members of the New Boston Rotary Club expressed some regret at leaving their regular

meeting place at the Methodist Church, and expressed appreciation to the Methodist Ladies Guild who served meals to the group in the past.

The Methodist Church had been the home for the New Boston Rotary Club for over thirty years.

"Many fond memories will remain with several of the older members," said Wegienka expressing appreciation to the Ladies Guild and the church staff.

The dinner meeting time remains the same — 6:30 each Tuesday.

Cliff Glenn made arrangements for the new meeting place.

Congress to study private school tax credit

By TOM OCHILTREE,

Can the whole explosive subject of forced busing of school children be defused by getting Congress to help parents who wish to send their children to private schools?

This is a difficult question. Any form of governmental support for private schools is as controversial, in its way, as the issue of busing children away from their neighborhoods for purposes of classroom racial integration.

Lawmakers may not relish the prospect, but it is clear these interwoven subjects will get a thorough airing in the new Congress which opened Wednesday.

That was assured when Rep. Gerald R. Ford (R-Michigan) introduced a bill to give parents a tax credit of 50 percent for tuition paid to send their youngsters to a nonprofit elementary or secondary private school, up to a limit of \$200 per child.

Ford was joined in this move by Rep. Herman T. Schneebeli, (R-Pa.), ranking GOP member on the House Ways and Means Committee. That committee's powerful

chairman, Rep. Wilbur Mills (D-Ark.), is understood to favor the legislation.

In 1972, Ford, the House minority leader, authored a bill to provide a tax credit of up to \$400 per child for tuition paid to a non-profit nonpublic school.

That figure was halved in committee but the legislation, nevertheless, died in the old Congress. Now Ford has reintroduced it at the opening gong of the new Congress.

Describing prospects of the bill as fairly good, Ford said parents were entitled to exercise "freedom of choice" when it came to the education of their children.

"That right," he added, "is impaired when the financial burden is so great that it cannot be borne without unusual hardship. That right is also impaired if increased numbers of nonpublic schools are forced to shut down because parents can't pay rising tuition costs."

Pointing out that parents of private school students carry a double financial load when it comes to educating their

children, Ford said: "We should subtract at least part of what they pay in nonpublic school tuition from their federal income tax bills. That's only fair."

If enacted, Ford's bill would keep alive hundreds of private schools, particularly those institutions run by churches, which now are being squeezed by rising costs.

The busing issue also is bound to surface in the new Congress, if anything with even more heat than it generated in the last session. Then the House approved an anti-busing bill designed to put a stringent limit on the powers of federal courts or agencies to shift pupils around in the name of racial balance.

A filibuster prevented that bill from reaching a vote in the Senate.

Rep. James G. O'Hara (D-Michigan), one of the leading figures in gaining House approval of the anti-busing bill, has also pinpointed the connection between the busing issue and the question aiding parents who send their children to private schools.

In a recent interview he said: "Unless some way is found to prevent busing of children away from their families and neighborhoods, I believe Congress will try this private school approach."

"The argument will be made that if the courts are going to insist on busing as a social experiment, Congress will be entitled to give the parents an option in the way their children are educated."

O'Hara said he had reservations about the private school approach because of the problems he thought such an approach would spawn.

He pointed out that local support for adequate school taxes would be weakened if white middle class parents took their children out of public schools and enrolled them in private institutions.

The whole American concept of public education might be seriously damaged to the disadvantage of both black and white students who stayed in the public schools.

It's tough to get, keep reputation

NEW YORK (AP) — Jumping to conclusions: Yes, mother warned me there would be days like these. But what no one on earth seems to know is just what to do about them.

Money is easier to get than a good reputation. There is another difference, too. In the space of 3 lifetime, it is easier to rebuild a lost fortune than a lost reputation.

After 50, it is foolish for a woman to worry about how her passport picture turns out. No one else she knows will.

One of the things a policeman hates to do most is to have to arrest another policeman, no matter how guilty.

Talk is cheap. That must explain why they have so many talk shows on television.

Bald men are usually more generous to street beggars than men with a full head of hair. They know what it means to be deprived.

The average department store shoplifter doesn't steal for sentimental reasons or as the result of a sudden irresistible impulse. He steals because he is a thief trying to get something for nothing he doesn't deserve to have.

Only men particularly favored by the gods are permitted the fate of falling in love with, and winning, a pretty, red-haired girl who also has green eyes.

A fool is a guy who goes through life stubbing his toes long after he's old enough to wear shoes.

I can never figure out which is the bigger bore — a successful, pompous lawyer or a pompous, unsuccessful lawyer.

In a group picture of smalltown professional men, you can usually pick out the dentist and the undertaker because they have the most winning smiles.

When it comes to their looks, animals are judged even more unfairly than are men. Take the male wolf and male ostrich, for example. Each is a good husband and family man, when it comes to taking care of the kids. Yet, in an animal beauty contest, each would be passed over in favor of the kingly appearing lion. But the male lion is a measly, flea-scratching, lazy husband who lets his more active wife do most of the family hunting — and then insists upon dining first at the kill. Only when his royal appetite is gorged to his lioness and cubs get to take a bite.

When a woman has too much on her mind, she goes to a psychiatrist. Then, when she has nothing on her mind, she likes to wind up the day by going to a hairdresser.

Bursley plan leaves local control intact

Republicans are pushing an educational financing reform do-it-yourself kit that will take the heat off everybody but the taxpayers.

It was put together by a combination of top-level experts and bears the name of Senator Gilbert E. Bursley (R-Arbor).

The Bursley plan is both an answer to the voters who rejected Proposal C on the Nov. 7 ballot and to the Michigan Supreme Court, which has ruled present school financing unconstitutional.

Bursley had help from Gov. William G. Milliken's office, the department of education and the legislative fiscal agency. Now he plans eight public hearings to explain its contents. The first will be held at Inkster City Hall at 9:30 a.m. tomorrow.

"In this bill, I propose that 20 mills, or its equivalent in a combination of millage and local income tax at a rate of one per cent for five mills, be set as the minimum local effort needed for an adequate educational program.

"There would be no legal pressure from the state level demanding that this minimum effort be made — but each local school board would be authorized to levy, by its own vote, a rate of local income tax

By DON HOENSHELL,

Lansing Bureau Chief

sufficient to make up the difference between its authorized millage and the 20-mill level."

There are other elements, a two-mill local effort to finance special education, another mill for poor districts to pay off deficits, but essentially that's the Bursley Plan.

Bursley, chairman of the Senate education committee and a veteran of 12 years in Lansing, invited everybody to shoot holes in it if they can but it is plain it is the accepted vehicle.

The shooting has already started on these points:

—It would allow a local school board to levy an income tax without a vote of the people. Bursley said he is not sticky on this point and will consider alternatives.

—Local control of the schools—a touchy point in the Proposal C fight—would be safeguarded, but the problem of raising local money would also be maintained.

Full court's reversal of Roth ruling unlikely

Like Dickens' ghost of Christmas past, that hardy perennial, the threat of school cross district busing, scarcely observed the holidays before it was bounding back in the headlines.

With Congress back in session, the issues has been revived by Nixon administration leaders, particularly Senator Robert P. Griffin, who was never beholden to any issue more than this one.

True to his election pledges, he has introduced legislation to stop the threat to the Detroit suburban district and also to implement his pledge to do something to safeguard the pensions of persons foreclosed when their place of employment closes down.

Closer to home, the suburban districts are going to have their day in court, if that's what you can call the hearings ordered by a three-man panel of the Sixth Circuit Court of Appeals when those three men supported the busing order of the ailing District Judge Stephen J. Roth.

The 53 suburban districts involved in Roth's order for desegregating the largely black Detroit district will have a chance to object to the original Roth order.

Another ailing principal in the case, Louis Lucas, Memphis, Tenn., attorney for the NAACP, also has indicated he will petition all 85 suburban districts in three counties to be parties to the hearings.

From the outset it was apparent that Judge Roth was moving with all haste to implement his busing order on the untenable premise that the State of Michigan, Governor Milliken and Attorney General Frank Kelley were guilty (without trial) of de jure segregation in Detroit.

In his haste, Roth excluded the suburbs' voice, as Detroit District Attorney Ralph Guy pleaded on behalf of the Federal Government against the opposition of Attorney Lucas.

As some of our readers have pointed out, the appellate court panel at least provided in their prejudicial decision upholding Roth that the suburbs were entitled to hearings. In this they were not unlike Judge Roy Bean, the famous (or infamous) West Texas justice of

Milliken veto was right

Sometimes you make news by what you don't do. In making some news of his own, Gov. Milliken did not approve a bill which would have sweetened retirement benefits for lawmakers.

The "smart" thing politically, of course, was to let this one go through. Milliken will have to work with most of these people the rest of the year, and the expedient thing to do is to keep legislators in a happy frame of mind.

There was some speculation that Gov. Milliken came of age, so to speak, with his veto of the pension improvement plan. That's "not the cast at all."

What kind of governor doesn't risk a little stormy weather now and then with the men and women of the legislature? Perhaps the Milliken veto was more of a symbolic gesture than anything else, although lawmakers naturally will ask: Why pick us out as symbols? Then, too, the "loss" in retirement benefits will be anything but symbolic.

But Milliken did the right thing and for the right reasons. With rumors of a tax cut

Press had rocky year

Except in Japan, the world's press suffered "another year of lost battles" against government interference.

Big losers in 1972 were the United States, Britain and the Philippines.

The Japanese press is free, powerful and conscious of its responsibilities in the life of society.

The depressing and perhaps ominous sign is that, with rare exception, the press is bending to the pressures without strong protest, almost with resignation, the report says.

The true danger lies in the fact that a growing number of governments,

the peace, a century ago. He gave the "culprits" a hearing, but he then went about hanging them.

Accordingly, attorney Robert Lord, who represents Tri-County Citizens, seeks the same consideration for the anti-busing groups as that accorded the NAACP by Judge Roth.

Also, anti-busing attorneys correctly are seeking an expression from the entire Sixth Circuit Court of Appeals, rather than a three-member panel, on the issue. William M. Saxton, who represents 31 of the suburban districts, made this request before Christmas.

As Saxton cited, a different three-man panel from the Sixth Circuit hearing an integration case in Chattanooga, Tenn., ruled massive busing of school children unsuccessful. This panel included Judge Clifford P. O'Sullivan, Port Huron.

This panel ruled also in the Chattanooga case that boards of education cannot be held responsible for the mobility of races. Of the three judges in Chattanooga, only George Edwards, Detroit, sat on the panel which gave unanimous approval to Roth's decision.

The die is already cast as far as the district court hearings are concerned in the Detroit hearings. Roth's decision won't be changed, nor do we have any belief that the full Sixth Circuit Court will overrule the three-man panel.

We don't believe that other judges such as Wade McCree, Detroit, or Anthony Celebrezze, Cleveland, will rule another way than Edwards, Harry Phillips, Nashville, or John W. Peck, Cincinnati, ruled on the three-man panel.

The hearings will be only a pro forma exercise, and the final decision on the troublesome issue will lie with the U.S. Supreme Court or with a Congress which could act by routine legislation or a Constitutional amendment, which would have to be ratified by three-fourths of the states.

That could overrule even the Supreme Court.

—The Macomb Daily (Mt. Clemens)

floating around Lansing, the governor acted to prevent the legislature from making the first raid on the till. Milliken had two other things going for him in this respect: the legislature was both lame duck and image-smudged, the latter stemming from the highly publicized Florida junket.

The bill vetoed was actually not all that big of a money grab. But the precedent once established would have been hard to roll back.

The civil servants would have wanted their cut. And that might have set off a new round of inflationary demands elsewhere in state governments.

The "greased pig bill," as this legislation was called, seemed in reality the old end-around play, a means by which lawmakers would get in fringe benefits what the SOCC last November denied them in pay raises.

The governor is stressing honesty and integrity in government in his state of the state address. He has already struck the first blow late in 1972, and the carryover effect is unmistakable.

—Ann Arbor News

parliamentary representatives, citizens and even some members of the press begin to accept that attacks on freedom of expression are legitimate and justifiable.

In the United States, the government in various guises is attempting to chip away at press freedom through the courts and by threats of court action.

And, on the day when the press resigns itself to losing this war in a steadily shrinking free world, the only choice remaining to the press will be its freedom to choose under which regime it would prefer to be enslaved.

Questions and answers on Michigan's No-fault Auto Insurance Bill

Question: When does Michigan's no-fault law take effect?

Answer: Oct. 1, 1973. Auto accidents before then will be handled as at present - auto accidents on or after October 1, 1973, under the new law.

Question: Do I have to have auto insurance after Oct. 1, 1973?

Answer: Yes. Everyone in Michigan who owns a car must have auto insurance after October 1, 1973.

Question: I already have auto insurance. Is there anything more I need to do before the new law takes effect?

Answer: Your insurance policy will automatically cover you for at least the required coverages beginning on Oct. 1, 1973. So there is nothing you have to do unless you want to change your optional coverages such as collision insurance, or your deductibles. Before the new program goes into effect next October 1, your insurance agent or your insurance company will contact you and will let you know what coverages are required, what deductibles and additional coverages are available and what the rates will be for the various coverages.

Question: What are the benefits under the new law for medical expenses and rehabilitation?

Answer: Medical expenses and rehabilitation as much as and as long as necessary. There are other benefits for wage loss, child care, dependents in case of death, and property damage which will be described later.

Question: Please be more specific. Do you mean if I am in an auto accident and have Michigan no-fault auto insurance and get seriously hurt, I can have my doctor and hospital bills paid for life?

Answer: Yes. This is one of the best features of Michigan law and there is only one other state that provides unlimited medical expenses.

Question: Are there any limitations?

Answer: You get medical benefits for life - regardless of who or what caused the auto accident.

Question: What if I have Workmen's Compensation or Social Security?

Answer: You don't get double compensation - you don't make money on being in the hospital. Workmen's Compensation or Social

Security medical benefits would be subtracted.

Question: What about Blue Cross or my union sick and accident benefits?

Answer: If you do not take an optional deductible in your auto insurance you would collect duplicate benefits for whatever your Blue Cross or union sickness and accident benefits cover. But you may take an optional deductible in your auto policy which will reduce your premium and eliminate some or all of the duplication with your other insurance and benefit programs.

Question: You said something about rehabilitation. What are some examples?

Answer: The rehabilitation is one of the best provisions of Michigan's no-fault law. This includes all costs for medical rehabilitation. It also includes costs for all economic rehabilitation, such as learning a new skill if you can't return to your old job because of the accident.

Question: Does my policy only cover me?

Answer: No. It covers you as named insured, your spouse, and relatives living in your household. You are all entitled to the same benefits.

Question: Can a car thief receive benefits?

Answer: No.

Question: What insurance company pays my "no-fault" benefits?

Answer: Your own. This is called "first party" benefits, instead of the present system of "third party" benefits - where you collect from the other person's insurance company, based on fault.

Question: What if I am hurt while riding in someone else's car?

Answer: You still collect from your own insurance company. But if you have no insurance of your own you would collect from the insurance company that insured the owner of the car you were riding in.

Question: When does the insurance company pay my medical bills, wage loss, and rehabilitation?

Answer: When due.

Question: What if the insurance company stalls in paying?

Answer: The insurance company must pay 12 per cent interest and reasonable attorney's fees on any payment more than 30 days overdue.

Question: What if the insurance company agrees on most of the bill, but disputes a small part?

Answer: The insurance company must pay what is reasonably proved, and when the amount in dispute is reasonably proved, must pay that within 30 days of proof, or pay 12 percent interest and reasonable attorney's fees on anything more than 30 days due.

Question: What is reasonable proof?

Answer: Copies of any bills and a claim form signed by you giving the details of the accident and the benefits you claim. Claim forms will be available from your insurance agent and your insurance company. A court could ultimately decide, if a serious dispute arose.

Taylor Church is site of Paris-Block vows

A Christmas tree, lighted tapers in tall candelabras, and vases of white mums, roses, carnations, and ivy formed the setting for the pre-holiday wedding of Vickie Lynn Block and Gary W. Paris. Their December 16 nuptial vows were repeated at six o'clock at St. Paul United Church of Christ in Taylor.

The Rev. Stanley Hartmann conducted the ceremony at which double ring vows were exchanged. Mrs. Lawrence Quiel at the organ accompanied Harry Thompson who sang "The Wedding Prayer" and "The Lord's Prayer."

Mr. and Mrs. Delton R. Block of 9684 Tobine Road, Romulus, and Mrs. William Paris of 14018 Hannan Road, Belleville, are parents of the young couple.

ESCORTED TO the altar by her father, Vickie was gowned in a creation of white dulcette satin accented with imported Alencon lace. Designed in the empire mode, the A-line gown featured a high lace neckline, long tapered sleeves, and a long full train frosted with seed pearls and crystal medallions.

A dulcette satin bow embellished with seed pearls and tiny crystals held her silk illusion veil which drifted to

mid-back length and a bouquet of cascading white roses centered with a white orchid and interspersed with baby's breath and green ivy completed her bridal finery.

Patti Block of Romulus was her sister's maid of honor in an empire-style frock made with a forest green velvet skirt, long chiffon sleeves and a high collar. Her headpiece was a band of miniature pink carnations, baby's breath and ivy and her cascade bouquet duplicated the flowers.

Wearing the same style dresses in red velvet and chiffon with identical headgear and bouquets were two more of the bride's sisters, Connie and Lori Block; the bridegroom's sister, Linda Paris of Belleville; and the bride's cousin, Lisa Monaghan from Wayne.

THE BRIDEGROOM asked Mark McNett of Taylor to serve as best man. The corps of ushers included Edward Paris of Belleville and Larry Franklin of Romulus, brother and brother-in-law, respectively, of the bridegroom; Tim Chambers, a cousin from Holly; and Dennis Wessels of Romulus.

At the dinner-dance reception which followed at Ramada Inn, the bride's mother received in a burgundy velvet formal gown styled with a jewel neckline and worn with dyed to match shoes and handbag. The bridegroom's mother chose to wear a long slim-skirted powder blue velvet gown with silver brocade trim and silver accessories. Both women were presented with corsages of white carnations and pink roses.

For traveling to an undisclosed destination the new Mrs. Paris changed to a teal blue wool dress and coat with black patent accessories and a pink rose corsage.

The newlyweds are now residing at Apt. C-6 Pine Grove, Ypsilanti, where Vicki attends Eastern Michigan University. A junior, she is affiliated with Sigma Kappa Sorority.

Gary was graduated from Belleville High School in 1970 and is currently an apprentice plumber for Huron-Clinton Construction Company, Belleville.

Twenty-four attended the rehearsal dinner December 15 at Holiday Inn, Romulus, hosted by the bride's grandparents, Mr. and Mrs. John Steffes of Wayne.

MR. AND MRS. EDWIN PICIAN

Couple, married at St. Patrick's, cruise Caribbean

White poinsettias graced the altar of St. Patrick's Catholic Church in Waydottie as Janet Marie Warrow and Edwin Pichan exchanged wedding bands and nuptial vows. The Rev. John Hall presided at the six thirty ceremony attended by some 60 close friends and relatives.

The bride, daughter of Mr. and Mrs. C. Oscar Warrow of 2246 22nd Street, Wyandotte, chose for her wedding a silvery white gown designed with a V neckline ruffled to the lifted waistline, long sleeves ruffled at the cuff and an accordion-pleated skirt.

She wore a circlet of miniature white roses and white carnations interspersed with silver leaves and carried a single white long-stemmed rose.

ATTENDANTS AT THE December 20 wedding were the bride's sisters, Mrs. Franky Jo Gartner of Gibraltar, as matron of honor, and Mrs. Phyllis J. McGee from Pontiac.

Mrs. Gartner wore a cranberry-colored gown featuring a wide white collar and long sleeves cuffed in white. She wore a circlet headpiece fashioned of pink roses and miniature pink carnations with green leaves and held a single pink rose.

Mrs. McGee donned a

lavender evening dress and carried a single yellow rose. Her headress matched that worn by the honor attendant.

Attending their father, a resident of 19320 Middlebelt Road, Romulus, were John and Ron Pichan.

The bride's mother wore for the occasion a street-length turquoise dress with harmonizing accessories. The bridegroom's mother, Mrs. John Pichan, donned a long turquoise gown. Both were presented with white orchid corsages.

GUESTS LATER gathered at the Holiday Inn for the wedding reception after which the newlyweds departed for an eight-day Caribbean cruise. They are now at home on Middlebelt Road, Romulus.

A graduate of Siena Heights College, Adrian, the bride is employed as an elementary teacher in the Woodhaven School District.

The rehearsal dinner, hosted by the bridegroom, was held at Holiday Inn.

Sheryl Ann Feitel is bride of Gary Boszak

Wearing the gown which her mother had worn at her own wedding in 1946, Sheryl Ann Feitel walked to the sanctuary of St. Anthony's Catholic Church with her father to become the bride of Gary Paul Boszak. The couple's double ring vows were solemnized during a five o'clock nuptial mass December 16 conducted by the Rev. Charles Borowski.

White and pink poinsettias adorned the altar for the preholiday ceremony which united the daughter of Mr. and Mrs. Felix F. Feitel of 11225 Morton Taylor Road, Belleville, and the son of Mr. and Mrs. Peter P. Boszak of 41 McAdoo, Trenton, New Jersey.

A friend of the bride from Saginaw, Debra Stevens, was at the organ to accompany the soloist, Pam Capper.

THE WHITE SATIN gown worn by the bride was designed with long sleeves and

a sweetheart neckline with inserts of net flowers on the skirt, sleeves and long train. Her cathedral-length illusion veil was caught to a pearl tiara and her bouquet was comprised of white poinsettias, pink rosebuds and pine sprigs.

Margaret Kovacs of Ypsilanti was her best friend's maid of honor. Bridesmaids were Mrs. James Hinkle of Newark, Delaware, sister of the bride; Nancy Boszak of Trenton, New Jersey, sister of the bridegroom; Jeanne Stevens of Saginaw; Kathy Asher from St. John's; and Debra Strahota of Dearborn.

In a blue velvet gown matching those worn by the senior attendants, little Shelly Mayher, daughter of the Daniel Mayhers of Romulus, carried out the role of flowergirl. Ringbearer was four-year old Kent Butler, son

of the Fannie Butlers of Belleville.

BEST MAN was Robert Malinowski from Trenton, New Jersey. Others on the esquire side included Frederick Feitel of Ypsilanti and Leonard Feitel of Belleville, brothers of the bride; Harold Ross of Ann Arbor; Fannie Butler of Belleville; and Frank Stalka from Sandusky, Ohio.

For her daughter's wedding, Mrs. Feitel donned a mint green formal gown to which she pinned her corsage of gardenias. The bridegroom's mother chose a light blue gown with corsage of white carnations and rosebuds.

Some 300 guests gathered at the V.F.W. Hall in Dearborn Heights for the reception which followed.

After a week-long honeymoon at St. Thomas in the Virgin Islands, the newlyweds took up residence at 36256 Meadowbrook, Livonia.

The new Mrs. Boszak is a junior nursing student at Madonna College in Livonia. Her husband, a graduate of General Motors Institute and affiliate of Phi Delta Theta Fraternity, is currently with G.M.A.D. at Willow Run.

The rehearsal dinner was held at Casanova Restaurant in Ypsilanti.

MR. AND MRS. GREGORY K. NELSON

Newlyweds make home in Virginia

The Romulus United Methodist Church was reserved December 22 for the seven thirty ceremony which united Leslie Marie Wood and Gregory Keith Nelson in holy matrimony. The double ring nuptial rite was conducted by the Rev. Haldon Ferris in a setting of candlelight, poinsettias and red tapers.

The bride is the daughter of Mr. and Mrs. Leslie A. Wood of 13097 Hannan Road, Romulus, and the bridegroom is the son of Dr. and Mrs. Fred L. Nelson of Tifton, Georgia.

Given in marriage by her father, Leslie appeared in a gown of Chantilly lace and crystalline satin. Designed with a high stand-up collar and bishop sleeves, the dress also featured a bell-shaped skirt and long flowing train.

Her headdress, a crescent of Chantilly lace outlined with tiny seed pearls and crystal drops, secured her illusion veil which was cut in elbow length. Competing her ensemble was a bouquet of six red sweetheart roses encircled by white carnations and green holly leaves.

A BLUE CRUSHED velvet gown with heart-shaped neckline and sleeves puffed above the elbow was worn by the matron of honor, Mrs. Michael Nickert of Romulus. The white velvet muffs she carried was accented with blue carnations and blue starflowers.

Bridesmaids in red rayon velvet frocks identical to Mrs. Nickert's were Judith Ann Wood of Romulus and Mary Lou Nelson of Tifton, Georgia, sisters of the bride. The red carnations and starflowers pinned to their muffs were later used as corsages at the reception.

"Disney on Parade," the newest concept in touring live family entertainment, presents seven major production numbers based on famous Disney classics and characters in the all-new and different fourth edition of the two-and-a-half hour live stage musical arena show opening at the Olympia Stadium starting Tuesday, February 6 through Sunday, February 18.

Famous Disney creations come to life singing, dancing and playing Disney songs which have proven world-wide favorites over the years.

Among the more than 100 live Disney stars involved in the new extravaganza are Mickey Mouse, Donald Duck, Goofy and all their friends in the opening "How Dee Do," that famous wooden puppet in "The Further Adventures of Pinocchio," and a wacky collection of animals and undersea creatures in "Bedknobs and Broomsticks."

Additional acts include "Bear Band Jamboree," a country-hillbilly act with costumed bears; "The Used Car Lot," presenting Goofy, Donald Duck with Herbie the Love Bug and a playful Model T; "Mary Poppins," with all of her famous friends and songs, and the finale, "It's A Small World."

Knowledge gained from three seasons of touring before millions of people around the world has led to a careful blend of Disney music, famous costumed Disney characters, professional acts, choreographed dances combined with magic and illusion never seen before.

To establish the story, each of the production numbers

—Cheryl Young, freshman cellist, daughter of Mr. and Mrs. Carl L. Young, 2149 Treadwell, Westland.

The Orchestra's season includes seven concerts between October and April. The musicians become familiar with many composers, periods and styles of music as they perform with a variety of guest soloists. Permanent director of the orchestra is Edward Szabo, EMU associate professor of music, who is also conductor of the Ann Arbor and the Oak Park Symphony Orchestras.

The next concert, to be given at 8 p.m. Jan. 25 in Pease Auditorium, will feature Alfio Pignotti as violin soloist. Pignotti, violinist with the EMU Delphi Trio, formerly was concertmaster of the San Antonio Symphony, New Orleans Phil-harmonic and the Chicago Little Symphony. He joined the Eastern music faculty in 1969.

'Worst dressed'

Raquel tops 'Top 10'

LOS ANGELES —Sexy actress Raquel Welch was put at the top of the "10 Worst Dressed Women" list by fashion designer Mr. Blackwell.

"But, how do you dress a Sherman tank?" he asked with a pseudo-shocked look on his face.

Princess Margaret, the only nonentertainer on the list and ranked fourth, was described as wearing "the kind of style that makes Londoners grateful for their fog."

"A thrift mart shopping bag," "Around the world in 80 mistakes" and "maiden uncle" were among the other tart descriptions Blackwell doled out in announcing the annual list Thursday.

Blackwell also unveiled his best-dressed list. The winners were Mrs. Charles Revson, Princess Grace, Diahann Carroll, Mme. Georges Pompidou, Mrs. Ronald Reagan, Ann-Margret and Cher of Sonny and Cher.

He named Julie Andrews the second worst dressed woman, saying, "She dresses like the kind of woman every man wants for his maiden uncle."

"Around the world in 80 mistakes" was the phrase

Blackwell used to describe Mia Farrow, his third choice. Fifth was movie star, Ali MacGraw, whom Blackwell said "packs all the glamour of an old wornout sneaker."

Blackwell called actress Lauren Bacall, No. 6, "the epitome of drab... If you want her, just yawn."

The wife of former Beatles star John Lennon, Yoko Ono, placed seventh on Blackwell's list. The designer called her "a disaster area in stereo... Oh no Yoko."

"Whether in sportswear or in dresses she always seems to lack one simple accessory... a thrift mart shopping bag," Blackwell said of Oscar-winning Cloris Leachman, No. 8.

Blackwell, who was wearing a brown tweed suit and a wide grin, said No. 9 Alexis Smith's clothes "have all the sex appeal of Henry Kissinger in an unemployment line."

Comedienne Totie Fields came in 10th. Blackwell described her as "the Badyear Blimp covered in sequins, looks like a Fourth of July technicolor explosion."

Blackwell gave a special award for 1972 to Jackie Onassis—for the swimwear that did the most for the Italian magazine industry in the last year.

Awards made at Cubs' annual holiday affair

The December Christmas party for the Cub Scouts of Troop 1739, sponsored by the Romulus V.F.W. Hall, was a huge success.

Parents and children attended, and refreshments and prizes were provided. Santa and his Miss helper were the hit of the party.

Paul Rudzick won a first prize for selling the most address labels. Alan Trojanowski and Billie Hoogerhyde won second prizes.

Joseph Tarno and Alan Trojanowski won first recruiter patches for bringing in Alan Tarno and Bobbie Wentzelage.

Second recruiter patches

were awarded to Lee Alan Staffin and Eddie Trojanowski for bringing in Bernard Zarb and Carl Williams.

Lee Pingilley earned his third recruiter patch by bringing in his brother, Darrell Pingilley.

The following boys received a Bobcat pin for their mothers and a patch for themselves after saying the pledge and promise: Robert Whaling, Darrell Pingilley, Alan Tarno, Alan Trojanowski, Joe Tarno, Raymond Zigler Jr. and Paul Rudzick. Paul also received his wolf patch.

During the party the Cubs sang carols to the parents and played games. After the festivities everyone went home stuffed, tired and happy.

Fashion gray is beauty bet

By MARY SUE MILLER

If your hair is gray, do wear one of fashion's new spring grays. Otherwise you miss a beauty bet. Ranging from pale to deep, gray fashion shades are

complementary. Their special elegance perfectly backgrounds the gray head. Generally speaking, gray fabrics of a much darker or lighter tonality than that of the hair make for dramatic effects.

Oxford gray, for example, best sets off silver hair; dove gray points up steely locks. Of course the hair must be equal to the fabric. Come to think of it, drab, indeterminate or yellow shades of gray hair are at odds with any fashion color.

A gleaming tinted rinse, silver to steel, keeps gray tresses up to form. When the hair's health flags, conditioning treatments are also in order. An occasional application of hairdressing and a vigorous brushing never fails to supply polish.

It could be that with gray attire the skin needs sparking. For the purpose try an apricot tint of transparent face color under a natural beige fluid foundation. This lends both fair and dark skins a warm, natural glow.

Overcome your hair problems! Send for my booklet, "How to have lovelier hair." Advice includes: corrective care of dry, abused, oily and hard-to-manage hair; expert coloring methods and treatment of tinted hair; hairstyle formulas; tips on perfection cutting, permanents, straightening and grooming. Write to Mary Sue Miller in care of this newspaper for your copy, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Fewer visitors recorded for nine Metroparks

Over 8,867,097 persons visited the nine Metroparks of the Huron-Clinton Metropolitan Authority in 1972 compared to 9,285,645 in 1971, which was the highest annual patronage on record. The 1972 figure is the third highest since Metroparks first opened in 1948.

David O. Laidlaw, authority director, pointed out that interest in Huron-Clinton Metroparks continues to increase, but unseasonably cool and rainy weather attracted fewer visitors to several HCMA parks in 1972.

Metropolitan Beach near Mt. Clemens had a record

1,925,069 visitors in 1972, Stony Creek Metropark near Utica had 1,896,100 and Kensington Metropark near Milford had 2,389,000 visitors.

Willow Metropark, a new site under development near New Boston, had 89,342 visitors in 1972 compared to a high of 93,130 in 1971, which was the first year attendance was taken. Limited use was available in 1970, but no attendance was taken.

Capital guide positions open for collegians

College students attending Michigan State University have an excellent opportunity to obtain employment as state capitol tour guides. Sen. David Plawewski (D-12th District) has announced.

"Tour guides escort tourists, club groups, school children and others through the State Capitol building and describe the basic functions of the legislature, various state departments, the executive office and the judicial office," said Plawewski.

"The job offers college students an excellent opportunity to learn about state government while attending school."

Application for this permanent, part-time position must be received by no later than 5 p.m. Jan. 22, 1973. The job pays \$3.07 to \$3.65 an hour.

Employees will be expected to work four hours each day Monday through Friday either from 8:30 a.m. to 12:30 or from 12:30 to 4:30 p.m. They will also be expected to work as required on at least two weekends per month.

Applicants must be enrolled in college and have completed 12 semester credits or 18 term credits toward a bachelors degree or associate degree as of Jan. 22, 1973.

Because of the limited number of expected appointments, initially only the 25 or 30 best qualified individuals, based on the score of a written test, will be called in for the oral appraisal.

Final selection of the tour guides will be based 50 per cent on the written exam, and 50 per cent on the oral examination.

The exams will be based on knowledge of Michigan history and basic functions of

state government and personnel in state government functions and the ability to meet the public, speak effectively before groups, and point out and explain points of interest in the Capitol Building.

Applications may be obtained at all Michigan Employment Security Commission Offices, the Michigan Department of Civil Service Lansing or Detroit office or the office of most county clerks.

Next . . . Muskegon Heights!

Eagles outshoot River Rouge, 57-50

Romulus overcame early foul trouble to defeat perennial Class B power River Rouge 57-50 in a game between the two top independents Friday night.

The Eagles built up a 17-point lead midway in the second quarter before getting into foul trouble. The foul situation seemed to inhibit the Eagles' aggressiveness and Rouge pulled to within four points - 42-38 - in the third

quarter. Then the Eagles regained their composure and forged comfortably ahead once more.

"Rouge is an exceptionally talented and well-coached team," said Eagle Coach Dave Court. "In my opinion Rouge and Muskegon Heights are the two best Class B teams in the state."

John Long paced Romulus' attack with 20 points. Ron Bostick contributed 14 points and 6-foot-7 Eagle forward James Hall led Romulus in rebounding with 21.

Del Steele was Rouge's only player in double figures with 22 points.

Romulus, now 9-1 for the year, next meets Muskegon Heights at home Friday. In a previous meeting this year, the Eagles defeated Heights by three points.

98-pound frosh wins again

Romulus pins GC East for 5th win

Romulus wrestlers dominated both the lower and higher weight events in defeating Garden City East last week, 39-11.

The Eagles captured the first four lower weight matches and the three highest weight matches enroute to their fifth win against three losses.

A pleasant surprise for Romulus this year has been the rapid improvement of 98 pound wrestler Lamar Sandusky.

Sandusky, a ninth grader, is only in his first year of wrestling - Romulus has no junior high program - but despite his inexperience,

Sandusky's record stands at 12-5 with 3 pins. He placed first in the Trenton Tournament and finished second in the Garden City West Tournament.

"Lamar has been outstanding," remarked Eagle Wrestling Coach Jim Stallings. "He shows how

important smaller kids can be to a wrestling team."

Sandusky decisioned Mark Amapo of East 7-1. Other Eagle winners were William Powell (105 pounds), Ivory Allen (114 pounds), Phillip Ford (119 pounds), Brad Smith (138 pounds), Vergil Smith (145 pounds), Robert

Morrison (230-0, 167 pounds), Marvin Williams (185 pounds) and Heavyweight Henry Reid (forfeit).

Cody overmatched against Romulus'

In what might be termed a warmup for their clash with River Rouge last weekend, Romulus jumped off to a 33-10 first quarter lead and then increased the margin on Tuesday, Jan. 9, to whip Detroit Cody handily, 104-53, on their home court.

did not play any of his starters for more than one half. The Eagles led at halftime 61-14. Romulus out-rebounded Cody 56-26. Jeff Tolbert led Cody's scoring attack with 19 points.

John Long paced the Eagle attack with 29 points, 13 of them in the first quarter.

Belleville coach sees promise in plucky grapplers

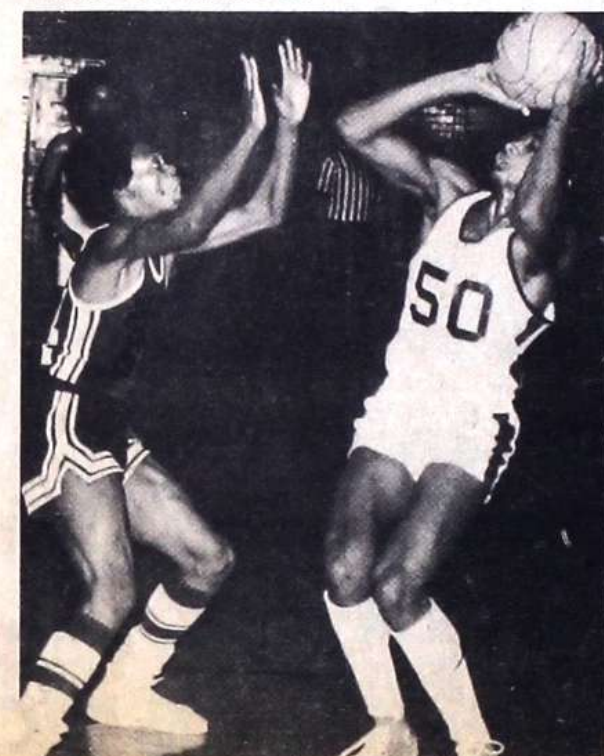

Belleville's wrestlers continue to show improvement despite losing to Allen Park 37-9 and finishing eighth at the River Rat Tournament at Ann Arbor last week.

In the Allen Park meet Belleville Coach Jerry Malecek was especially pleased with promising performances from Herbert Russell and Steve Wilson. Russell lost a decision in the last 30 seconds of his match and Wilson was narrowly

JOHN LONG -- Romulus' hot scoring hand with 20 points against River Rouge last week is but one of the reasons for the Eagles' surge as a state basketball power in the current season. Long and his mates meet a powerful Muskegon Heights' team tomorrow night.

Gatorade prank not funny for Eagle matmen

Belleville's Jose Garcia and Otis Bell defeated their opponents despite the fact that they wrestled above their normal weight class. Garcia, whose record is 15-1, wrestled up one class at 138 pounds and still pinned his opponent, while Bell wrestled and won at 185 pounds, two weight classes above his normal class.

At the River Rat Tournament Belleville scored 21 points and looked considerably better than they had against Allen Park. Garcia won a decision against Brad Smith of Romulus 2-0 to win the championship at 132 pounds.

Steve Wilson finished fourth in the 98-pound division, and Herbert Russell finished fourth in the 145-pound class. Bedford led all schools in the tournament with 96 points, followed by Catholic Central, Ypsilanti, Romulus, AA Pioneer, AA Huron, Walled Lake Western and Belleville with 21 points.

Competition was the stiffest Belleville will face all year, according to Coach Malecek. Last year 26 wrestlers from their tournament went to the state tournament.

Catholic Central and Ypsilanti have finished high in the state for many years and Romulus finished sixth in the state last year.

Romulus' wrestlers collected 51½ points to finish fourth in the River Rat Tournament at Ann Arbor Huron-their finest showing to date in this tournament.

Two years ago Romulus finished last in the tournament with four points. Last year the Eagles were sixth.

"I'm very pleased with our wrestling in this tournament," said Coach Jim Stallings. "Right now this is the toughest tournament in the state. Last year 26 wrestlers from this tournament went to the state tournament."

The Eagles appeared to be both physically and psychologically bothered by a dangerous practical joke played on them before the competition started. Several Romulus wrestlers became sick after drinking rubbing alcohol which had been poured in their Gatorade bottle.

Despite this, Romulus placed several wrestlers near the top in their respective weight classes.

High finishing Romulus wrestlers included Phillip Ford (112 pounds), Brad Smith (132), Vergil Smith (138), Rudy Williams (145),

Robert Morrison (167), Marvin Williams (185), and Henry Reid (Heavyweight).

RIVER RAT TOURNAMENT Final Standings: Bedford 96 points; 2. Catholic Central 57½ points; 3. Ypsilanti 54; 4. Romulus 51½; 5. AA Pioneer 45½; 6. AA Huron 44; 7. Walled Lake Western 38; 8. Belleville 21. Romulus Finalists: 112 pounds: Phillip Ford (R) dec. Rick Bryant (Bed.), 10-9, third place. 132 pounds: Jose Garcia (Bell.)

138 pounds: Vergil Smith (R) dec. Herbert Russell (Bell.), 3-1, third place.

No. 223-732

Said petition describes the private property necessary to be taken for making said improvement for the use and benefit of the public, and sets forth the purpose of said petition which is the taking of private property, for a just compensation to be made, without the consent of the owners for the said public improvement. The petition prays that the Court make an order fixing a date for hearing on said petition, that said order shall be served and published in accordance with Act 149 of 1911, that said petition further prays that on the day of hearing on the order, in the absence of cause shown, the Court set a further date at which time a jury of freeholders will be impaneled, to determine the questions of necessity and just compensation.

A petition will be supplied to any party who has a legal interest in the property sought to be acquired upon the filing of an appearance by such party or a petition will be supplied to any attorney representing such party upon the filing of an appearance.

Bruhn on EMU forensic team

Jerry Bluhm, an Eastern Michigan University senior from Belleville, is a member of the school's forensic team which placed third in national competition for the past two years and has a strong chance of winning first place this spring, according to Dennis Beagen, director of forensics. Jerry is the son of Mr. and Mrs. Donald Bluhm, 335 Brain Ave.

The Eastern team will be competing on home ground, since EMU was chosen as the site of the 1973 National Individual Events Tournament, April 27-29.

The national event is expected to attract from 300 to

350 contestants from 40 to 50 colleges and universities from such diverse areas as Washington, D.C., Florida, Connecticut and California.

They will be competing for titles in seven events.

Eastern's team, made up of 27 speech majors, won 57 trophies in 5 interstate meets during the fall term. They won first place in three and placed second in the other two. In November, two members entered four events in a tournament at the University of Maryland. They took eight of the sixteen trophies awarded.

Highway officials ask Kelley's help

Michigan Highway Department officials said Wednesday they'll ask Att. Gen. Frank Kelley how to administer the new state transportation bill which contains an amendment apparently blocking the busing of school children for forced integration.

Department officials said they don't know how to handle it even though numerous people have suggested ways to circumvent the antibusing amendment, which was introduced by Sens. James Gray, D-Warren, and John Bowman, D-Roseville.

Highway officials have until May 1, when the first payment to the bus lines will be made, to find the legal loophole to circumvent the amendment. If they don't, bus lines operating in Detroit, Kalamazoo and other cities facing forced busing could lose funds.

School speech therapist offers parents tips

BY MRS. DIANE MAKIELSKI

In Romulus Speech Therapy services are available to children who have speech problems. Speech problems are usually divided into four groupings:

Rhythm problems - which include stuttering, phrasing and any other problem which interferes with the patterning or rhythm of speech, including repetitions of sounds, words, phrases or sentences. It must be remembered that a certain amount of disfluency (repetition) is normal.

Articulation problems - which are characterized by the substitution, the omission or the distortion of the sounds of speech. For example, a child may be substituting a "W" for an "R" and saying "wat" for "rat", or the child may omit the "R" entirely.

Language problems - which are characterized by an individual's inability to comprehend, formulate and use functional language. A child with a language problem may show a marked inadequacy to express an idea appropriate to his age level.

Voice problems - which are problems in the production of speech sounds such as too harsh a voice, inappropriate or abnormal pitch deviations, too loud or too low a voice, and too much nasal resonance or not enough.

As a rule children with speech problems are not enrolled in Speech Therapy at the kindergarten level. Most speech problems at the age are due to maturation and developmental factors, so the child may be enrolled in a speech class until the 1st or 2nd grade. Exceptions to this

would be children who have a cleft palate or other physical problems such as injury, improper physical development or brain damage such as cerebral palsy, to mention a few.

Children with speech problems are located primarily by referrals from their regular classroom teachers, from parents or through the speech screening programs which are held in the spring and fall at your child's school.

Helping a child correct a speech problem generally involves the cooperation of the parents, the classroom teacher and the Speech Therapist.

The following are a few suggestions for dealing with your child's speech:

Do not rush him when he is telling you something -- give him time to say what he wants to say.

Do not supply words for him -- give him time to express himself in his own manner.

Talk with your child -- avoid a preaching or dictatorial attitude -- exchange ideas and communicate!

Avoid criticizing if he repeats or loses his train of thought -- don't tell him to start over again.

Listen to what your child has to say -- from you he learns to listen to others.

If you feel that your child may have a speech problem, you may contact the Speech Therapist at your local school, a list of each follows, and she will be happy to interview your child and to make provisions for assistance should your child be in need of Speech Therapy.

The Romulus Community Schools have five Speech Therapists at the following locations: Mary Ann Allen, Beverly Elementary, Romulus High School, St. Aloysius; Diane Makielski, Gordonier Elementary, Mt. Pleasant Elementary; Carolyn Moote, Hayti Elementary, Harrison Elementary; Rebecca Oz, Merriman Elementary, Romulus Jr. High; Peggy Pashaian, Cory Elementary, Romulus Elementary.

Huron Goodfellows exceed '72 sales

Huron Township Goodfellows were all smiles after their Goodfellow Paper sale December 23. They had a good reason because they exceeded last year's paper sale in spite of a paper strike which almost upset the entire Goodfellow Paper sale.

George Adams, Secretary of the Huron Township Goodfellow Association said: "We can be proud of all the men who assumed their assignments of selling papers without fanfare. They are to be commended along with all those who purchased a paper and also to those who contributed more than a generous amount. It was truly a successful day and it helped to make the saying come true, "No child will be forgotten at Christmas Time."

Adams reported that over a thousand papers were sold. Final figures in the amount collected have not been determined, but it will exceed \$1,200.00.

The Huron Township Goodfellows cooperates with the Huron Township Health Committee in serving the needs of the community. Anyone in need of emergency service in a time of crisis or disaster is asked to contact Glenn Hubert, president, or

George Adams, secretary for immediate action. Adams expresses sincere thanks on behalf of the Goodfellows to the Glenn Printing Corporation for coming to the rescue and publishing the Goodfellow edition.

GOODFELLOWS OVERCOME HANDICAPS -- These Huron Township Goodfellows take time out to reflect with pride upon their pre-Christmas newspaper sale which topped last year's effort -- despite an eleven-hour paper strike which threatened to cancel this year's Goodfellow sale. Renters' deposits probed

Landlord must list damages

Apartment renters may soon be getting legal protection on how landlords can use their security deposits.

Safeguards, covering such deposits which have often been a source of aggravation between tenants and landlords, are awaiting Gov. William G. Milliken's signature.

If approved, the law would require a new renter and his landlord to complete a checklist on the condition of the apartment before moving in.

The two parties would have to agree on the condition of the apartment's carpeting, draperies, appliances, windows, furniture, walls, closets, shelves, paint, doors, plumbing and electrical fixtures.

When the tenant moves out, the landlord is supposed to complete another checklist with all the damages caused by that renter.

The landlord is then required to send an itemized list of all damages and the cost of repairing them to the tenant.

Included with this accounting of damages would be a check for the difference between the amount of damages claimed and the amount of security deposit given.

There are two crucial time limits which must be observed during this period, according to the law. These are:

—The landlord is given 30 days to send the itemized damage list and charges or else he forfeits the deposit.

—The tenant is required to notify the landlord of a new address within four days of moving out.

—The tenant has one week to respond to the list of damages or he forfeits the deposit.

The law also prescribes that if the landlord uses the money for his own purposes, he must post a bond which would cover the amount of the outstanding deposits.

The landlord-tenants act, which the law is called, is a modification of what was originally introduced in the House of Representatives in March.

That bill included provisions for the payment of interest on security deposits and for the payment of the deposits in four monthly installments.

After hearings which were held throughout the state, the Senate introduced a substitute bill which is similar to the proposed law which is on Milliken's desk.

If Milliken does approve it, the new law would take effect June 30, 1973.

Two seconds to play, Pistons lose to Hawks

ATLANTA (AP)—The Detroit Pistons just don't like the road.

For a while Tuesday night, it looked like they had whipped their jinx—for one game at least—a jinx which has seen them lose 20 of 25 road games.

After trailing for three periods, Detroit fought back to outscore Atlanta 37-25 in the final period and had a four-point lead with 1:19 left. But Atlanta managed to tie the game and send it into overtime at 113-113.

Then Detroit spurred ahead by five points with only 90 seconds to play, only to see the Hawks strike back again.

And when Lou Hudson drilled in a 20-foot jumper with only two seconds remaining, the Pistons had a heartbreaking 130-129 defeat—their sixth in their last eight games.

Hudson, making his first ap-

pearance since missing eight games with a back injury, led all scorers with 33 points.

The lead changed hands three times in the final 15 seconds, with Pete Maravich lifting the Hawks to a 128-127 edge on two free throws with 15 seconds left and Stu Lantz countering for Detroit with a pair of free throws with only six seconds to play.

The Hawks, following a timeout, tossed the inbound pass to Hudson, who worked free on the left side and fired in the game-winning basket with only two seconds to go.

The regulation game ended in a 113-113 draw when Hudson hit two free throws with 27 seconds left.

Atlanta, which led 61-55 at halftime, built an 86-70 lead in the third quarter before Detroit rallied behind the scoring of Lantz and Dave

Bing to go ahead with three minutes left.

Detroit led 124-118 with 1:33 left in overtime but George Trapp connected for six straight points as Atlanta rallied.

Herm Gilliam had 28 for Atlanta and Maravich tallied 20 points and set a career high with 18 assists. Bing scored 32 for Detroit.

The Pistons will try to break out of their slump tonight when they take on the Seattle Super Sonics at Cobo Arena in Detroit.

Top Tiger lauded

DETROIT (AP)—"Last year there was nobody on the roster who had what you could call an outstanding year," Detroit shortstop Ed Brinkman said Tuesday night, after accepting his "Tiger of the Year" plaque.

Suddenly, General Manager Jim Campbell grinned and blurted: "Would somebody please record that!"

The laughter that followed at the annual baseball writers' dinner took a while to subside. Campbell hasn't yet negotiated new contracts with his players and, despite statistically lackluster performances by many of them last season, Detroit did win the American League East title.

On that basis, plus high attendance figures of more than two million (including play-offs), a number of Tigers might expect raises.

If anyone is in line for a raise it is Brinkman, the .203 hitter who set numerous Major League fielding records last season, including fewest errors by a shortstop (7).

Reelizing his verbal boo-boo about no outstanding players, and thinking about his next contract, he quickly retorted to Campbell: "Except in my case, of course!"

All-star elation dwindles

DETROIT (AP)—"At this time I don't really think it's that big a thing," said Detroit Piston guard Dave Bing on hearing he had been named to play in the National Basketball Association All-Star game next Tuesday.

"It's an honor to make the team," Bing said, "but I'm not excited like the first time I made it."

Bing and teammate center

Bob Lanier were among six players named Tuesday to compete for the West Division team against the East Division in Chicago. It will be Bing's fourth straight All-Star game appearance and Lanier's second.

"The most important one is the team they name at the end of the season," said Bing.

An NBA All-Star team is named as the season closes.
